

Assistance for Refugee Women

Since autumn 2015 we have been intensively engaged in diverse fields to assist refugee women.

It has become clear that there are women's needs which are not covered by common refugee support for both sexes. That is the origin of an SKFM program specifically for refugee women.

Women's Meeting Place (Frauen-Treff) – Meeting without Borders

We offer an open meeting place for refugee women and their children every Tuesday from 2 PM to 5 PM in the "SKFM-statt Laden", Neanderstraße 68-72.

Further information in various languages is available.

Counseling

Of fundamental importance for women is participation in the social and occupational life in Germany. We support them in many ways.

Particular emphases of our work are the *esperanza* pregnancy and father counselling and help against domestic violence.

Sewing Project

Up to six women with different knowledge can participate in a course of six units of 2.5 hours.

Interested women are welcome to register Tuesdays in the Women's Meeting Place (Frauen-Treff) or by telephone at 02104/1419-0.
